DATA ON PHYSICS ENROLLMENTS AND DEGREES

a SUPPLEMENT

The detailed data from the annual survey of Enrollments and Degrees are presented in this supplement. The 1990-91 physics degrees and the 1991-92 physics enrollments are listed for each of the 747 physics-degree-granting colleges and universities in the United States. Institutions are listed alphabetically by state. The data shown for each institution consist of undergraduate physics majors, the total number of graduate students, the number of first-year graduate students included in that total and the physics degrees granted at all levels. All freshman and sophomore enrollments are estimated by the department chairpersons. Students whose senior status extended for more than one year are not included among the seniors.

Notations used in this supplement are:

* Institution grants master's degree as its highest physics degree. (N=83)

** Institution grants doctorate as its highest physics degree. (N=173)

( ) Our estimated numbers based on data supplied by that institution in an earlier year.

† No undergraduate degree program in physics.

Member Societies: The American Physical Society • Optical Society of America • Acoustical Society of America • The Society of Rheology • American Association of Physics Teachers American Crystallographic Association • American Astronomical Society • American Association of Physicists in Medicine • American Vacuum Society • American Geophysical Union
